Directions For Use:

INVERT > REVERT > OPEN & POUR

Shake bottle well before diluting with warm water, NOT hot. Apply direct to the surface and ensure surface is free from chemicals such as sanitisers which may affect the biological performance.

NEVER use undiluted!

Once diluted, for best results use in 14 days and mix up fresh solution for any problem areas.

Application:

Using the brilliant EcoDose bottle use 1 x 10mls into a 750ml spray bottle for spraying on surfaces with a clean agitator cloth, wipe area and then finish with a clean microfibre cloth.

For mopping use 3 x 10ml doses into a mop bucket and mop the floor, remember to change the water and solution dependent on the area. Use a flat mop to dry area after cleaning.

Machine cleaning; add 1 x 10ml dose using the dosing bottle into the clean water solution.
