Zybox ultra

Product Category:
Odour Eliminator

Core Features:

4 Active Odour Eliminators
Perfect For Use On All Surfaces
Ideal For Stubborn Odours

Description:

Zybox Ultra concentrate is the ultimate odour eliminator and multi-purpose cleaner.

Containing 4 active odour eliminators:

1. Enzymes cut through any biofilm normally made from residual dirt, left-over surfactants and bad bacteria.
2. Friendly Zybox bacteria dominate the area, breaking down waste such as urine, faeces, vomit and milk in to harmless by-products such as water and carbon dioxide.
3. Instant action Odourbond™ is a specially formulated odour-bonding reagent which attacks odours on a molecular level; changing the structure so you can no longer smell it. Highly effective against a huge variety of odours ranging from urine, vomit and sour milk to refuse and faeces.
4. Carefully selected and blended fragrances that compliment any environment. Safe and easy to use and contains no harmful chemicals, Zybox Ultra is totally environment-friendly. Zybox contains an exceptional performing low foaming surfactant which is tough on dirt and stubborn soiling, cleaning and removing dirt.
