

Product Information Guide

Zybox elite ecodose

nature working for you

Product Category:
Odour Eliminator & Air Freshener

Core Features:

Non-Hazardous Formula
4 Active Odour Eliminators
Safe & Easy to Use

Description:

Zybox Elite EcoDose is super concentrate odour eliminator and multi-purpose cleaner.

Safe and easy to use and contains no harmful chemicals, Zybox Elite is environment-friendly, contains an exceptional performing low foaming surfactant which is tough on dirt and stubborn soiling, cleaning and removing dirt. In a easy-to-use dosing bottle, Elite EcoDose requires just 10ml making it cost effective and kind to the environment. Not classified as hazardous to health or the environment. Highly concentrated formula means less packaging waste is created. Proven and tested it is safe and non-toxic, non-irritating to skin and eyes making it incredibly safe with a neutral pH.

Containing 4 active odour eliminators:

1. Enzymes cut through any biofilm normally made from residual dirt, left-over surfactants and bad bacteria.
2. Friendly Zybox bacteria dominate the area, breaking down waste such as urine, faeces, vomit and milk in to harmless by-products such as water and carbon dioxide.
3. Instant acting AqFresh™, a revolutionary odour suppressing technology extensively tested against a broad range of odours such as urine, faeces, pet smells, cooking and food odours, tobacco, body odour including sweat and it will even suppress unpleasant odours from chemicals such as peroxide and chlorine based products. Helps to safely remove odours and allergens from soft furnishings and fabric, including dust mite, pollen, cat and dog dander allergens on contact. It removes touch lingering obnoxious malodours, capturing ,holding and releasing materials. It is so effective that it works without masking with heavy fragrance and returns the air to its natural fresh balance . Providing an advance in enhancing fragrance with 'longevity bloom' whilst the cucurbiturils a barrel shaped molecule deals with the malodour removing the odour.
4. Carefully selected and blended fragrances that compliment any environment

Product Options: **ECODOSE - 1 LITRE**

Fragrances

Product Information Guide | Continued

Directions For Use:

INVERT > REVERT > OPEN & POUR

Shake bottle well before diluting with warm water, NOT hot. Apply direct to the surface and ensure surface is free from chemicals such as sanitisers which may affect the biological performance.

NEVER use undiluted!

Once diluted, for best results use in 14 days and mix up fresh solution for any problem areas.

Application:

A low foaming super concentrate product in a dosing bottle, offering a simple solution to dosing. Dilute in to one of our purpose-designed sprayers. It can be used in most scrubber driers for hard floors or after carpet cleaning by spraying or adding to the solution. Suitable for use on any surface not harmed by water such as washrooms, floors, wall and toilets and urinals, carpets, curtains, upholstery and areas such as mattresses and linen trolleys.
