

Zybox professional UV LIGHTS

ARE YOUR PREMISES AS CLEAN AS THEY LOOK?

ZYBAX PROFESSIONAL UV LIGHTS

POWERFUL, COMPACT & BATTERY POWERED

In the fight against COVID-19, it is essential to find all areas within the work place that have not been cleaned effectively. It isn't just hard to reach areas that traditional cleaning misses, it is extremely common to find urine, blood, soap, body fluids hiding in plain sight on light switches, light cords, door handles, desk, tables, walls and other touch points.

Zybox Professional UV Lights are a proven tool in the fight against infection and have been designed to quickly and effectively identify all contact points that are a source of cross contamination and cannot be seen by the naked eye.
